

Textbook Answer Key  
Page 431

- 1) 1
- 2) 2
- 3) 4
- 4) 3
- 5) 3
- 6) 1
- 7) 3
- 8) 1
- 9) 2
- 10) 1
- 11) 2
- 12) 4
- 13) 4
- 14) 3
- 15) 2
- 16) Cambrian
- 17) Uplift followed by weathering and erosion and then deposition
- 18) Widespread and short time frame
- 19) C-14 half life is too short; Rocks layers were deposited hundreds of millions of years ago and C-14 is only useful for dating organisms under 50,000 years
- 20) New York City
